

Jackie L. Willis
Vice President
Chief Clinical Information Officer

Jackie Willis is vice president and chief clinical information officer for AHS Information Services. She is responsible for clinical information technology and all clinical systems that support business needs, patient care, and the optimization of clinical processes.

Prior to joining AHS Information Services in 2005, Willis was the director of clinical systems at Hospital Sisters Health System. She began her healthcare career in critical care nursing, and has held progressive leadership positions within the field.

Willis received her bachelor of science in nursing from Sangamon State University in Springfield, IL, and her master of science in nursing from the University of Illinois.

She serves on nursing task forces for the Health Information and Management Systems Society (HIMSS) and the American Medical Informatics Association (AMIA), as well as the Capital Area Roundtable on Informatics in Nursing (CARING). She is also a member of the American Organization of Nurse Executives (AONE) and is a Certified Professional in Healthcare Information and Management Systems (CPHIMS).
